

President Sends Congress Balanced \$65 Billion Budget

Based On Hike In Spending And Revenue

By Douglas B. Cornell
WASHINGTON, Jan. 16 (AP) — President Eisenhower submitted to Congress today a balanced \$65,865,000,000 budget for the 1957 fiscal year starting July 1. He called on the legislators for the "utmost cooperation" in keeping it balanced.

Immediate reaction on Capitol Hill was praise from Republicans who said Eisenhower was keeping faith with the people and a bit of hooting from Democrats, some of whom said they were "astonished" and "discouraged" at the amount the president wants to spend.

Withholds Tax Cut Plea
Once more, Eisenhower withheld any recommendation for a general tax cut at this time. Some members of Congress said he was right; others raised a cry for cuts.

The budget for the next fiscal year and a revised one for the current year ending June 30 provide for slender surpluses that will help scale down the 274-billion-dollar national debt.

This is on the basis that while spending is going up, federal revenue is going up even more. For this fiscal year the government now expects to spend \$64,270,000,000 and take in 64½ billion, leaving a surplus of 230 million. For next year it plans to spend \$65,865,000,000, collect about 66½ billion and show a surplus of 435 million.

In a lengthy message, Eisenhower called the budget "a comprehensive plan of action" that provides for a "full measure" of defense, for maintaining "unprecedented prosperity" and for promoting "the well-being of all our people."

Will Go Forward
"With God's help," he said, "we will all go forward."

The President cautioned that taxes should be trimmed only "when we prudently can"—without unbalancing the budget.

Yet his \$66,300,000,000 estimate of government income for the year ahead was conservative in the light of his pronouncement that "this nation has reached a new high of material prosperity."

This seemed to open the door a crack for a possible bid later on for an election year tax slash.

Secretary of the Treasury Humphrey conceded at a news conference that the revenue figures might be "unduly conservative." But he insisted they weren't underestimated deliberately and that there was "nothing buried in them for purposes of cutting taxes later."

Time Will Tell
Nevertheless, Senate Democratic Leader Lyndon Johnson of Texas, remarked that "only time will tell whether this budget is realistic and reflects all the facts."

House Republican whip Rep. Arden of Illinois, claimed that Eisenhower's "skillful management" makes "a balanced budget and a payment on the national debt as well as a further tax cut possible."

Sen. Olin D. Johnston (D-SC) urged a tax cut for the "little man," balance or no balance.

Sen. Potter (R-Mich) spoke up against any "foolhardy" tax cut that would throw the budget out of balance again.

Sen. George (D-Ga) who also has suggested tax cuts, said the amount the budget proposes to spend is "discouraging."

Chairman Cannon (D-Mo), of the House Appropriations Committee, expressed "astonishment."

Major Achievement
But House Republican Leader Martin (Mass) said a balanced budget "is a major achievement for President Eisenhower, the administration and our taxpaying public" of which "we can all be proud."

Members of committees handling appropriations and financing promised to fine-tune the budget. One of them, Rep. Mahon (D-Tex), nominated foreign aid as an item for whittling. A number of senators also have their eye on this item.

In the House, a reading clerk skipped and skidded through the long budget message in 20 minutes. The Senate clerk didn't read any of it.

The farmer would get the only tax cut the chief executive proposed for now—cancellation, to a total of 60 million dollars a year, of the 2-cents a gallon federal tax on gasoline used on the farm.

Yet even if Congress approves all the big program Eisenhower has urged for the farmer, his administration proposes to spend 12 million dollars less on agriculture and agricultural resources in the 1957 fiscal year. The idea behind the farm program is to cut down crop surpluses, strengthen prices and help the farmer make more money on his own so that he will need less federal aid.

Committee 'Spy' Bared Testimony

WASHINGTON, Jan. 16 (AP)—Sen. Langer (R-ND) said today there is a "spy" and "traitor" on the Senate Foreign Relations Committee who leaked secret testimony given last week by Secretary of State Dulles.

In a formal resolution presented to the Senate, Langer proposed that attendance at similar closed-door sessions of the committee in the future be limited to a select subcommittee of four.

Langer said the information was given to Drew Pearson and appeared in a column published today.

Boost In County Tax Millage Indicated

453 Adult Members Enrolled In YMCA Drive

Campaign Extended To Jan. 30

THE REPORT meeting of the 1956 YMCA membership campaign held last night at the Y building showed a total of 178 additional adults enrolled. This makes a total to date of 453, only 47 short of the 500 goal.

The meeting, presided over by the co-chairmen, Alex L. Bensinger and Horace G. Walters, was attended by approximately 80 workers who voted unanimously to continue solicitations to meet the goal until Monday night, Jan. 30. One team captain was out of town and his report was not available. This may drop the shortage below the 47 mark reported.

Report By Divisions

Rev. John A. Bollier, leader for Division A reported 97 new members enrolled and \$914 in cash, during the campaign. Division B (J. L. Cohen, leader) turned in 126 additional members and \$1,338 in cash. Division C (T. L. Kistler, leader) turned in 85 members and \$969 in cash. H. A. Yutz, leader for division D, turned in the high total of new members, 145, with \$1,274.50 cash.

These figures showed a total of 453 new members and \$4,495.50 in cash. The cash goal is \$7,500. Total cash and pledge to date is \$5,906.

Members enrolled since last Friday's meeting by divisions follow: Division A, 45 members (with one report missing); Division B, 66; Division C, 28, and Division D, 39. Prizes were awarded following the reports. Mrs. Alberta Yutz, captain and worker, received the prize for highest number of members enrolled, 56. Mrs. Belcher and Joe DeRenzis tied for receiving highest amount of cash and Clair Smith was honored for high dollar pledges and cash.

Express Thanks

J. Albert Groner, new president of the Y board of officers and directors, expressed his appreciation of the excellent work performed by those identified in the campaign. He expressed thanks to WYPO for broadcasts, Joe DeRenzis for furnishing the piano music at meetings, Fran Shinn for his fine work, A. F. Everett for handling publicity; The Daily Record.

PUC Suspends Bell Phone Rate Increase

HARRISBURG, Jan. 16 (P)—The Public Utility Commission today suspended for six months, until Sept. 14, a 36 million dollar annual rate increase proposed last week by the Bell Telephone Co. of Pennsylvania.

The boost, which would effect 2,300,000 subscribers throughout the state, was proposed to go into effect March 14.

The PUC said it ordered the suspension to investigate the proposed rate boost.

Hearings Called

Public hearings will be opened in Harrisburg as soon as possible to determine justification of the proposed increases, largest ever submitted to the PUC by a Pennsylvania utility.

Bell's new schedule would raise basic monthly local service rates in amounts ranging from 60 cents to \$1.35 for residential subscribers, and from \$1.50 to \$3 for business users. Those changes do not include the 10 per cent federal excise tax, Bell said.

Long distance toll calls and coin box rates are not involved.

Hoover Defends Proposal For Ass't President

WASHINGTON, Jan. 16 (P)—Herbert Hoover soberly reminded senators today that four of the seven most recent presidents have crumbled "at critical periods" under the strain of their office. He said this record is "a call to action" toward easing the burden of men who occupy the White House.

The former president, himself a reasonable 81, appeared before a Senate Government Operations subcommittee and defended his proposal that Congress create the post of "administrative vice president" to take some of the work load.

OFFICER JOHN BOUJAN of the Stroudsburg Police Department points to a panel in a large garage-type door which was bashed in by a car used by thieves in the break into Bixler Hardware Co., 633 Main St., sometime Sunday night. The arrow in top right photo points to the empty case from which a large quantity of ammunition was taken. The photo also shows the near-empty gun racks from which the thieves took four high-powered rifles, two shotguns and three .22 caliber rifles. The arrow in the lower right photo points to a cloth-covered hatchet which the intruders apparently left behind. (Staff Photo By MacLeod)

River Survey Funds Asked

WASHINGTON, Jan. 16 (P)—President Eisenhower today asked Congress for a special appropriation of \$100,000 to the Army's corps of engineers for a complete, new survey of the entire Delaware River basin. It will cover flood control, navigation, water supply hydro-electric power and all "related subjects."

Actually, the Army Engineers have already started this survey. They held hearings in Stroudsburg and Port Jervis and have more scheduled at Trenton and at Philadelphia.

WASHINGTON, Jan. 16 (P)—The 14 million dollars President Eisenhower recommended today for Pennsylvania flood control and navigation projects in the year starting July 1 is five times the sum he suggested for similar work in the state last year.

Included in the gigantic program for the Keystone State were recommendations for three new flood control reservoirs in the northeastern portion of the state—hard hit by the floods that followed last summer's hurricanes—and a step up of construction work on another.

The three new reservoirs (with amounts recommended) were Byberry Reservoir near Honesdale (\$600,000), Prompton Reservoir in the same general area (\$50,000) and Stillwater Reservoir near Forest City (\$600,000).

The Army Engineers will submit details of these projects when Congress begins considering the Army civil functions appropriations bill.

Bear Creek Project

President Eisenhower also recommended in his budget message to Congress that \$2,250,000 be provided for Bear Creek Reservoir in the upper Lehigh River near White Haven, Pa.

The total estimated cost of this project has been set at about 18 million dollars with about a half million spent thus far.

Order Investigation

HARRISBURG, Jan. 16 (P)—The House today authorized a thorough legislative study of the controversial problem involving insurance of state antlerless deer hunting licenses.

Fuel Drivers Strike

NEW YORK, Jan. 16 (P)—A strike of fuel truck drivers today posed a shivery long-range threat to New Yorkers. Its immediate effects were scarcely noticeable.

Burglars Break Into Store Here, Take \$2,000 In Guns, Ammunition

AN INTENSIVE investigation is under way to recover upwards to \$2,000 in guns and ammunition taken from the Bixler Hardware Co., 633 Main St., Stroudsburg, sometime Sunday night.

Although the intruders failed to leave behind any tell-tale fingerprints, State Police disclosed last night they are in the process of checking out several leads.

Robert A. Bixler Jr., proprietor, reported that an inventory showed the thieves took six revolvers, four high-powered rifles, two shotguns and three .22 caliber rifles.

Money Also Stolen

The inventory also showed they took about \$500 worth of ammunition, a typewriter, seven flashlights and \$49.38 in cash, Bixler said. However, they did not bother to break open an office desk, nor did they touch about \$200 worth of

electric razors in the same case with the ammunition.

Bixler said the pistols included a .45 caliber revolver valued at about \$71, a .38 caliber revolver, and a .32 caliber pistol. The rest were twenty-two.

The break wasn't discovered until early yesterday, shortly after midnight when Officer Jack D. Haas of the Stroudsburg Police Department made a routine check through Bank Alley.

Haas found that a car, or some other motor vehicle, had crashed into a sliding door at the rear of the hardware store. Further investigation showed that the intruders then made their way inside and smashed a panel in a smaller door leading directly into the store.

Packed Loot In Boxes

Investigators believe the break occurred about 7:20 p. m. Sunday,

because two persons have informed them that they heard a loud crash in Bank Alley at that time.

Once inside, the burglars emptied a large carton of garden seeds and packed it with the firearms, which were taken from wall cases, authorities said.

The intruders also opened the cash register and removed a string of keys and the money it contained, police said. Then they found the right key to open the glass case containing a large quantity of ammunition.

Bixler said all of the pistol ammunition was stolen. However, the intruders left behind some of the rifle ammunition, along with a few shotguns, .22 caliber rifles and air guns.

Bixler placed his loss at between \$1,500 and \$2,000, following an inventory. He was notified of the

break at about 7 a. m. yesterday by borough police.

Articles Left

A cloth-covered hatchet, a large bread knife and several lengths of rope were left behind by the thieves.

However, Sgt. Robert Musser and Trooper Louis Pizzo of the Bureau of Criminal Investigation, Wyoming State Police, reportedly were unable to find any fingerprints. In fact, a thorough investigation turned up what appeared to be glove marks.

Troopers Alex G. Kearns and Donald Henzey of the Stroudsburg Barracks also participated in the investigation. State Police also were assisted by Officer John Bauljan of the Stroudsburg Police Department.

It was recalled that the hardware store was burglarized about five years ago. On that occasion, the thieves smashed a front window and made off with three hunting rifles.

Police reported that there have been several recent breaks in Northeastern Pennsylvania in which the thieves stole guns and ammunition. Burglaries similar to that at the Bixler store have occurred recently in Dallas, Plymouth, Hazleton and Bloomsburg.

N. J. Legislators Vote Continuation Of River Study

TRENTON, N.J., Jan. 16 (P)—The New Jersey Senate today approved continuation of a bipartisan commission to study proposals for developing water supplies from the Delaware River.

The Senate approved the resolution by a voice vote and sent it to the Assembly.

Sponsored by Senate President Wayne Dumont (R-Warren), the resolution reconstitutes an eight-member commission set up last year to consult with the Pennsylvania and New York legislatures on a proposed dam on the Delaware River at Wallpack Bend or "any other joint project."

Dumont, who stepped down from the Senate president's rostrum to speak for the resolution, said a similar commission has been set up by Pennsylvania.

Flood Damage Blamed For Proposed Move

EXTENSIVE flood damage may necessitate a boost in the county millage this year, according to John R. Lesoine, chairman of the Monroe County Board of Commissioners.

Lesoine said yesterday that the 1956 levy will most likely have to be increased above last year's rate of 11 mills because numerous properties were either damaged or destroyed in the Aug. 18 flood.

Meeting Called

The board chairman said the commissioners will meet with the assessors at 1 p. m. tomorrow in the main courtroom to discuss present valuation of flood-damaged properties.

Commissioners will also seek to learn the amount of taxable property which was lost in the flood, preparatory to setting up the 1956 budget.

Meanwhile, the board chairman also disclosed that the commissioners, at their meeting Thursday, will discuss what is to be done to meet expenses until this year's tax monies are available.

Earlier this month, the board reported that bills exceeded cash on hand by an estimated \$1,000.

At yesterday's meeting, the commissioners received three budget requests.

Harris Makes Request

Stroudsburg Burgess Hal H. Harris appeared before the county board with a request for \$20,000 in liquid funds tax monies to be used for borough streets improvements.

Dr. Charlotte Jordan, Stroudsburg, also appeared before the board to ask that \$1,000 be appropriated this year for a Monroe-Northampton psychiatric clinic.

Since 1950, the county has contributed to the cost of maintaining a child guidance center. However, Dr. Jordan asked that \$1,500 more be given this year so that adults could also have the advantages of an out-patient psychiatric clinic.

Dr. Jordan explained that more Federal and State aid could be expected if adults were included in such a program. Moreover, she said, such out-patient facilities help to ease the burden now placed on mental hospitals.

No Action On Requests

Commissioners also received a request from the Monroe County Firemen's Association for \$1,000 to conduct a two-day fire training school.

No action was immediately taken on any of the requests.

The board also took the necessary steps at yesterday's meeting to get the release of steel needed to complete reconstruction of a bridge over the Paradise Creek on Township Route 572 in Henryville.

Officials in Harrisburg are being asked by commissioners to release the steel so that the job can be finished by contractor Harry DePue, Lehighton.

Freeze Ends In Florida

By The Associated Press

A FLOOD of warm air ended one of the most destructive freezes in southern Florida's history yesterday.

Across the nation, sunny skies came to rain-soaked northern California and a new, hastily constructed levee held against the flood crest of the bloated Feather River.

Crop losses in Florida's Dade, Broward and Palm Beach counties alone were placed at 50 million dollars as the mercury pushed into the 70s in those areas for the first time since Jan. 1.

Miami Airport had a balmy 73 degree reading at midday.

The Miami Herald's farm editor, Nixon Smiley, termed the Dade County freeze the most disastrous in 61 years.

The bulk of the damage was in tender truck crops. The citrus generally came through all right. Some fields will be planted with new crops right away, but at some spots on the east coast it is too late to replant.

Siamese Twins Joined At Chest

HANOVER, N.H., Jan. 16 (P)—

Siamese twin girls, born to the wife of a farmer Wednesday, were reported in "fair" condition today. The twins are in an incubator. The girls, daughters of Mr. and Mrs. Leopold Marcotte, are joined at the chest. They weighed about seven pounds at birth.

Mrs. Marcotte, 25, was reported "doing fine."

ENDRE MARTON, a correspondent of the Associated Press in Communist-ruled Hungary, shown with his wife, Ilona, and their children, has been sentenced to six years in prison on a charge of espionage, according to an announcement by Radio Budapest. Mrs. Marton, who worked for the United Press in Budapest, was sentenced to three years. The Martons are Hungarian Nationals.

Letter Calling For Repair Of School Bus Signs Outdated

COUNTY SCHOOL SUPERINTENDENT John C. Litts asked school boards in the county to disregard a letter warning them to repair school bus stop signs.

The letter was sent out at the request of the district engineer of the Highways Department. The engineer said that his office had received numerous complaints that such signs were in bad repair and barely visible.

Last night, however, Litts received word from Harrisburg that House Bill 445 had passed the House. It will probably also be approved by the Senate and eventually signed into law by Gov. Leader. Bill 445 does away with school bus stop signs. It makes it mandatory for all motorists to stop 10 feet behind school buses when the buses are discharging passengers. The new bill covers both boroughs and outlying regions.

In light of the house passage of the bill, Litts said that local school boards should wait to find out if it is to become law. This will prevent unnecessary expenditure of dwindling district funds, he said.

New Construction

WASHINGTON, Jan. 16 (AP)—The outlook for new construction in 1956 will be reviewed at a meeting here Tuesday and Wednesday, Jan. 17-18 of key builders from 39 cities, along with government officials and independent experts.

Do FALSE TEETH Rock, Slide or Slip?

FASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No stummy, gooey, pasty taste or feeling. FASTEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Martz Funeral Rites Conducted

FUNERAL SERVICES for Mrs. Ellen E. Martz were held at 2 p.m. yesterday in Daniel Warner funeral home.

Rev. Adan Bohner officiated. Interment was made in Stroudsburg cemetery. Pallbearers were Harry Lynn, Harry Hagerman, Benjamin Stoltz, John Smith, Howard and Walton Detrick.

Letters To The Editor

The Daily Record welcomes letters, signatures and addresses will be withheld if the writer desires.

Mr. Horace Heller
Editor
Daily Record

Dear Mr. Heller:

A few weeks back there appeared in your paper a letter to the editor signed by a young high school student from one of our local high schools.

The theme of her letter was Communism in America.

So far, except for one short reply from a well informed lady reader, the main questions of the young student's letter are still unanswered.

I have done considerable research and reading on the Communist subject since the letter appeared hoping to find the right material to make a good appraisal and perhaps to write a good answer to that student if one was not already given.

As you know Mr. Heller, the Communist threat to America is enormous and as such cannot be commented on in a short article.

I have prepared a quite lengthy expose of Communism in America. If you can find the time and space for the publication of my article I would appreciate it greatly. I know it will make worth while reading and will perhaps enlighten a few of your readers.

Ten years more, that's about all. Fifteen, maybe, at the outside! By then the Reds will have taken over America. No war, No hydrogen bombs. No mass slaughter—till after the victory has been won.

The coup d'etat, in course of accomplishment even while you are reading these lines, will be engineered to final success by the entrenched and untouchable traitors who are in high places, aided and abetted by their strategically placed cohorts in the nerve centers of the nation.

The men who sold 500,000,000 Chinese into Communist slavery will finally betray America. The saboteurs who ordered ignominious defeat in Korea will at last achieve the utter destruction of the nation that has too long stood between Russian Communist leaders and a bloody Communist world.

All of this will be the fulfillment of the prophecy made by Lenin in 1923: "First we will take Eastern Europe, then the masses of Asia, then we will encircle the United States, which will be the last bastion of Capitalism. We will have to attack. It will fall like an overripe fruit into our hands."

Who are these traitors? In what key spots are they located right now?

Apparently we are not to know until it is too late. It is worse than useless, it is military or political suicide for any individual to attempt to track them down. For the end is forever the same: character assassination, disgrace or even death.

From Patton to Forrestal to Wedemeyer; from Mac Arthur to Lawton to McCarthy our shores are littered with broken men, among them some of the greatest Americans of our generation.

McCarthy came nearest to success. He was 'dangerously' close to pay dirt in his attempt to unearth the mysterious forces avowed to encompass our destruction.

That is why his disgrace had become an absolute necessity and would serve as a deterrent to the McClellands and Jenners and J. Edgar Hoover who might be stupid enough to continue this expose of treason.

That was why a petition against McCarthy's censure, signed by 10,000,000 Americans was brazenly ignored.

Public opinion must not be allowed or permitted to count anymore, as witness the treatment accorded General MacArthur who

was given the greatest public acclaim ever tendered to anybody in the history of the country and is now the forgotten man.

This grim prospect for America was given to us by two great experts whose names are synonymous with the great fight they have displayed in exposing some of these traitors. They are firmly convinced that the Nation is doomed; that nothing really effective is being done or can be done to arrest the progress of the great betrayal.

Ten to fifteen years they say, before the massacres in the streets, churches, convents, seminaries and even homes where those who oppose reside; before the brainwashing and diabolical torture and the boatloads of broken humans heading northwards towards Siberia and death.

In China, since its "liberation" by the Communists, 15,000,000 innocent (Please Turn to Page Seven)

Officers Named By Directors Of Area Banks

REORGANIZATIONAL meetings yesterday were conducted by directors of three area banks.

Thomas J. Breitwieser was re-elected president of the East Stroudsburg National Bank.

Directors there also re-elected C. L. Cramer, vice-president and secretary; Russell E. Jones, executive vice-president; C. D. Cramer, cashier; Jesse R. S. Flory, assistant cashier; and Clifford D. Lambert, assistant cashier.

Monroe County National

Directors of Monroe County National Bank named three officers and elected these employees:

Frank D. Heller, president; Russell C. Hughes, vice president; Verner M. Reynolds, cashier; Roy W. Riley, assistant cashier and assistant secretary; Fred W. Walters, assistant trust officer.

Also Herbert C. Rupperecht, chief teller; John W. Osborn, teller; Grace Riley, chief bookkeeper; Elton Wagner, bookkeeper; Leila M. Butz, Ruth M. Smith, Alice M. Yetter and Joan Smith, clerks.

Portland National

Portland National Bank directors also organized yesterday. These are the officers:

Willard C. Hartzell, Mt. Bethel, president; William H. Kaul, vice president; R. A. Smith, cashier; S. C. Kinney, assistant cashier.

Stockholders recently added two directors to the board, Olin C. Cramer of R. C. Cramer Lumber Co., Portland, and Lafayette F. Taylor of L. F. Taylor, Inc., Mt. Bethel. Other directors are William H. Kaul, George W. Dennis, Hainesburg, N. J.; Walter E. Emery, W. C. Hartzell, William Segulne, Kenvil, N. J.; Roy A. Smith.

Gerald Tittle Transferred

A/SC GERALD (Richard) Tittle is being transferred to the Air Force Base, Washington, D. C. Tittle, son of Mr. and Mrs. Fred F. Tittle, Saylorsburg RD 1, recently ended a 17-day furlough with his family.

Tittle enlisted in the Air Force on July 17, 1954 and completed basic training at Sampson Air Force Base, Geneva, N. Y. He was transferred to Presque Isle base in Maine where he worked as officers record clerk.

The transfer to Washington came after his furlough.

Kunkletown

Kenneth W. Keller
Phone 125-L

THE JOINT congregations of St. Matthews Union Church are planning a farewell party for Reverend and Mrs. James Laubach, to be held in the church basement, Friday evening, January, 20th. Reverend Laubach has accepted a call to St. Johns Lutheran Church, Easton, Pa.

Mrs. Cora James who has been visiting her son in law and daughter, Mr. and Mrs. Curtis Horton left Wednesday to return to her home in Johnstown.

Mr. and Mrs. Robert Smith, formerly of Little Gap have occupied their new home next to the fire house in Kunkletown.

Mr. and Mrs. Luther Smith of Palmerton were callers at the home of Mr. and Mrs. Floyd Smith, Sunday.

Mr. and Mrs. Walter Zapletal, Mr. Walter Zapletal Sr. and Mr. and Mrs. Aldrich Foucek of New York spent the weekend at their summer home at Smith Gap.

The Ladies Aid Society of St. Matthews Union Church were not deterred from turning out for their regular Wednesday meeting and quilting bee, by the inclement weather. Present and quilting were Mrs. Harvey Smale, Mrs. Adan A. Bohner, Mrs. Floyd Smith, Mrs. Guy Condell, Mrs. Wesley Christman, Mrs. Sula Peters, Mrs. Howard Christman and Mrs. Alvin E. Gower.

Rich Heads State's GOP Youth Group

HARRISBURG, Pa., Jan. 16 (P)—Jerry Rich of Uniontown has been elected 1956 presidential campaign chairman for the Pennsylvania Federation of Young Republicans. The federation, which elected Rich yesterday, also sent a letter to State Republican Chairman Miles Horst endorsing delegates and alternate delegates elected earlier to attend the 1956 National convention.

The federation selected Philadelphia for its 1956 convention site.

Organization Of Volunteer Rescue Squad To Take Place Tonight At Meeting In YMCA

A MEETING TO FORM a county-wide volunteer rescue squad will be held tonight at 8 in the YMCA building, Stroudsburg.

State and local police, firemen, technicians, skilled workmen and township officials have been invited to attend.

Letters of invitation explaining the purpose of the proposed squad have been sent out to 48 different organizations in the county.

According to George Ott, the man who is serving as early organizer of the group, only about one-fourth of the persons contacted have responded so far.

Ott expressed the hope last night that everyone who received the letter would attend tonight's meeting.

"We want a chance to outline thoroughly the background which has made a rescue squad of prime necessity in Monroe County," Ott said. "During the past year we were given a dramatic illustration of the need for such a unit."

Function in Disasters

"Some of the situations confronting us in time of disaster—such as the August flood—can be met better if we have adequately trained personnel who are ready to go out on the spot and face the problem with a good idea of what must be done," Ott said.

He pointed out that, in this respect, the firemen and police shoulder the burden of "doing the job" under the present arrangement. With a rescue squad formed and constantly on the alert, these two groups would have other volunteers—also trained for emergencies—to work with them.

"The need for a county rescue squad has never been more obvious than it is now. With the memory of August, 1955 still fresh in our minds, we can all see how strong the need is. We should organize the group as soon as possible before the memory dims. We never know when we may be faced by a disaster again," Ott said.

All persons invited to the meeting are urged to attend. Other interested persons should contact Ott at 1293.

Mrs. Ralph Bond
Ph. Say. 46-R-16

MR. AND MRS. Claude Arnold, Stroudsburg, and Mrs. Daniel Setzer, Nazareth, were Sunday guests of Mr. and Mrs. James G. Eckley.

Mrs. Effie Knowles, who is spending the winter months with her son in law and daughter, Mr. and Mrs. Ralph Smith, Saylorsburg, R. D. was a Sunday guest of another son in law and daughter, Mr. and Mrs. Lloyd Faust, Brodheadsville.

Mr. and Mrs. George Metzgar called Sunday on Mr. and Mrs. Earl Dennis, and Mrs. Catherine Houck, Stroudsburg.

Mrs. Clayton Snyder and daughter Bertha, Mrs. Isaac Smith and children James, Martha and David, transacted business in Allentown Saturday.

Miss Mary Reimel and Mr. Milton Werkheiser, Neola, spent Sunday afternoon with Mrs. Abbie Faulstick.

Mr. and Mrs. Charles Marsh, called Saturday night at the home of Mr. and Mrs. James F. Eckley.

Callers of Mr. and Mrs. Eugene Metzgar during the past week were: Rev. John Bergstresser, Rev. Clyde Levergood, Mr. and Mrs. Francis Elliot, Tannersville, Mr. and Mrs. William Leonard, Pen Argil, Mr. and Mrs. George Soffield, Somerville, N. J., Mr. and Mrs. Claude Miller and Children Cathy and Monty, Mr. and Mrs. Elwood Brink, son Randy, Brodheadsville, Mrs. Esther Tucker daughter Elinor, Stroudsburg, Mrs. George Metzgar Jr., and children Linda and Douglas, Mr. and Mrs. Lester Hogland, and daughter Robin, Honesdale, Mrs. George Everette, R. E. V. Miller and Mrs. Miller, Easton, Mrs. Anna Lyons, Mr. Harlan Heller, Stroudsburg, Mr. and Mrs. Harold Young, Mrs. Emma Anthony, Belfast, called Sunday at the home of Mr. and Mrs. Ralph Van Buskirk.

Mr. and Mrs. Joseph Gintley and baby of Lakehurst, N. J. spent several days with Mrs. Gintley's parents, Mr. and Mrs. Oscar Bonser, Mr. and Mrs. Weston Fenner Jr., and children Brodheadsville Mr. and Mrs. William Bonser were Sunday guests also of the Bonser's.

Mrs. Russel Kresge and daughters Joan and Catherine transacted business in Easton, Saturday.

Mr. and Mrs. Walter Zapletal, Mr. Walter Zapletal Sr. and Mr. and Mrs. Aldrich Foucek of New York spent the weekend at their summer home at Smith Gap.

The Ladies Aid Society of St. Matthews Union Church were not deterred from turning out for their regular Wednesday meeting and quilting bee, by the inclement weather. Present and quilting were Mrs. Harvey Smale, Mrs. Adan A. Bohner, Mrs. Floyd Smith, Mrs. Guy Condell, Mrs. Wesley Christman, Mrs. Sula Peters, Mrs. Howard Christman and Mrs. Alvin E. Gower.

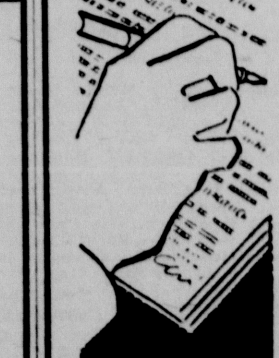

Rich Heads

State's GOP
Youth Group

HARRISBURG, Pa., Jan. 16 (P)—Jerry Rich of Uniontown has been elected 1956 presidential campaign chairman for the Pennsylvania Federation of Young Republicans.

The federation, which elected Rich yesterday, also sent a letter to State Republican Chairman Miles Horst endorsing delegates and alternate delegates elected earlier to attend the 1956 National convention.

The federation selected Philadelphia for its 1956 convention site.

Flood Recovery In Boroughs To Be Aired

A PANEL discussion on flood recovery programs in The Stroudsburgs will be the main feature of a B'nai B'rith Lodge meeting Wednesday night.

Members of the panel are: H. G. Sanborn, Worthington Mower Co.; Charles Bensinger, local attorney and county director of Red Cross during the emergency and Jesse R. S. Flory, East Stroudsburg chief burgess.

The meeting will be held beginning at 8 p. m. in the Temple Israel Vestry Room in East Stroudsburg. All persons interested are invited to attend the meeting. Membership in the lodge is not a requirement.

This meeting is also open to women. Lodge members are urged to bring their wives, according to Dr. Seymour Pollan, president.

"Speakers on the panel are well qualified to discuss the issues confronting the community and the nature and effect of the disaster in this area," Dr. Pollan said. "There will be an open question and answer period after the panel discussion."

There Should Be No Delays On Formation Of Flood Control Group

Development of an Upper Delaware Valley River Basin watershed should not be delayed a single day, if the Monroe-Pike region—now without any lobbying force to back the Corps of Engineers—is to cut down the time required for study of all the water problems of the region.

Right in our own backyard is the Lehigh Valley Flood Control Council which has operated effectively. Their experience, born of trial and error, can well serve as a pattern for the Upper Basin effort.

Floods are great equalizers as we've already experienced. As such they bring men together who under normal conditions do not always seek a common ground, a common cause.

Responsible leadership of Monroe and Pike County have a duty, NOW, to bring together all the forces they can summon in their region. It would be well if they invited not only the engineers, but some Lehigh Valley Flood Control Council experts to guide them in formation of a council for the Upper Basin.

Corps of Engineers have been authorized to make the Upper Basin study, we should have a council to see they get from Congress the funds required not only to start, but complete that work—and the funds required to put into effect all their recommendations once their reports are completed.

In short, now is the time for Flood Control Council action.

Solution Of Brink's Bank Robbery Case Thrilling Tribute To Police

That's a thrilling FBI report on the arrest of six of the 11 men who pulled the fantastic Brink's robbery in Boston.

It was almost six years ago the gang raided the Brink's garage and escaped with \$1,219,000—said to be the biggest cash haul in history.

For many months, even years, this appeared to be that "perfect crime" so often planned by crooks and rarely turned.

The solution, obviously, is the result of patient, tedious detective work by many men, led by the FBI.

It is the more praiseworthy because the robbery was so carefully planned and so cleverly executed, and the thieves so lucky in their escape.

In time, money and effort to solve the case, this spectacular holdup has cost the taxpayers a tidy sum. For all theft, covered by insurance or not, directly or indirectly costs the public.

In this case, it was worth it, even though it may not convince all other gangsters in the future that they can't get away with it.

Besides, it was an exciting story — and most of all it's good to see such smart thugs overhauled by smarter cops.

George Sokolsky Says...

Russians Exploit Moslem Relationships In Her Drive Among Several Arab Nations

The Arabs and the Jews are, by tradition, kinsfolk; whether one accepts their descent from Noah or from Abraham, which ever tradition is accepted, both Arabs and Jews are basically Semite, that is they trace their beginnings to Noah's eldest son, Shem;

they speak cognate languages, Hebrew, Arabic and Aramaic and these have been their languages from the earliest times we know anything about; they have related religions, the Korean accepting the authority of the Bible, although up to the Seventh Century, the Arabs were pagans, worshipping spirits or jinn. The history of the Jews and Arabs is intertwined.

Where the Arabs originated has not been determined by modern scientific methods. There have been many theories on this subject, but none of them add too much to our knowledge of present problems. What we do see is that there is a Crescent of Fertility which nearly surrounds a vast desert. In this Crescent, from time to time, many nations have formed and all the great conquering countries in ancient and modern times have sought to own the Arabian nations and often succeeded. The southern Arabs mingled freely with African peoples; the northern Arabs intermingled with Syrian and Persian peoples. Among all these, there have always been some Jews.

The Arabs themselves make a distinction between the pure Arabs who descend from Kahtan and the others who descend from Ishmael. However, the Arabs have so often been conquered and the population of this entire area is so fluid that racial purity is not to be expected, except that all these peoples are so closely akin.

Palestine which is now called Israel is one of the countries of the Crescent of Fertility surrounding the Arabian Desert. It is part of the Syrian area. It lies close to Egypt which is not strictly an Arabian country but is commonly a large number of mixed peoples. The present culture of Egypt is Arabic and the dominant political element in the country is Arabic; nevertheless the Egyptians are a mixed people, including various Mediterranean and African components.

In modern times, most of the Arab world has been conquered by the Ottoman Turks, a nomadic people out of Kansu Province in China—probably the Hsiung-nu of whom there is so much in Chinese history. While it is true that the Turks were influenced by Arabic as they were by Persian cultures, by the time of Suleiman the Magnificent (1520-66), not only the Mediterranean but the Black Sea was a Turkish lake. Turkish power extended in North Africa from Egypt to Morocco. The Turks became Moslem perhaps as early as the Tenth or Eleventh Century.

World War I destroyed the Turkish Empire and a number of Arabic countries came into existence as sovereign states. During the period between World War I and World War II, Great Britain er for the control of these countries.

and Germany vied with each other and during World War II, Germany nearly had them. It was the discovery of the world's largest oil reserve that made them otherwise practically barren countries so important economically and politically. After World War II, the United States made enormous investments in these oil operations.

The organization of the Arab League, under the leadership of Egypt, has been an effort to form an alliance not only to include all Arab countries but all Moslem countries into a powerful political unit from Pakistan to Morocco, from the borders of Soviet Russia to the Indian Ocean. This effort has failed because such Moslem countries as Turkey, Iran, Iraq and Pakistan are not prepared to submit to Egyptian influence.

Furthermore, just as before World War II, Germany played an important role in the Arab world, so at the present time, Soviet Russia has moved into this area. It is to be remembered that a very large part of the Soviet population is Moslem and that many of the so-called Soviet Republics are inhabited by vestiges of Turkish peoples, who, although they are not Arabs, are closer to Arab than to Russian culture. It is to be expected that Soviet Russia will exploit these relationships to American disadvantage.

Involved further in this situation is the existence of Israel which as a Western enclave in the Arabic world becomes a serious problem to the Arabs.

LEAP YEAR!

My America

—by Harry Boyd

Franklin's Poor Richard Advice Still Sound Today

It seems only right and proper, on this 250th anniversary of the birth of Benjamin Franklin, to add my ounce or two to the heavy tonnage of comment that will be printed about that mountainous American.

Considering the importance of the part he played in the founding of the Republic and the tremendous influence he had on the orientation of life in this country, it's surprising how hard many Americans find it to work up any real enthusiasm for Franklin.

Probably the reason is that he established himself in the thinking of the nation mainly as a peddler of good but bitter medicine. He was the exponent of the kind of advice people don't like, even when they are bound to concede that it's for their own good.

At least in his role as the insufferably virtuous "Poor Richard," the role in which he made his greatest impact on American tradition, he was a public relations man for work and self-denial—neither of which, I'm afraid, is ever going to be downright popular.

Hundreds of critics and biographers have gone to some pains to point out that Franklin himself was by no means the dutiful bore one might imagine him to be, judging by the Poor Richard aphorisms. Skipping lightly over the fact that he never pretended to be, they have delighted in highlighting the personal foibles and peccadillos that didn't quite jibe with the drab but eminently sensible philosophy he preached.

None of this sniping seems to have hurt the old boy much. He still towers above the horizon as one of the most remarkable men of his time—or any other time.

So of late debunkers have concentrated more on his widely publicized work-save-and-prosper philosophy. In a piece for Harper's, for instance, Prof. Harold A. Larrabee strongly suggests that the Poor Richard stuff, although designed specifically to help the poor strugglers of Franklin's day and quite good enough for its time, doesn't make much sense today.

"In a period of relative plenty, by no means evenly distributed," he says, "... the legendary Franklin fares badly."

But probably he always did. I see no reason to suppose that the people of Franklin's day relished, any more than we do, being told they'd have to work hard and save their money if they wanted to amount to anything.

Neither do I see reason to suppose that the advice is any less sound now than it then simply because the nature of the work to be done has changed. Pushbutton machines have taken a lot of the load off our backs but there is still just as much hard thinking to do as there ever was—quite a bit more, if anything.

And a little money in the sock, even in 50-cent dollars, is still a handy thing to have around.

Try and Stop Me

—by Bennet Cerf

Montana Cowboy wasn't having any of that "Kindly-fasten-your-seat-belt" nonsense when he boarded a New York-bound straitliner at Phoenix recently. "Young lady," he informed the stewardess firmly, "for nigh on twenty five years I've rode everything I ever mounted, and I don't aim to be saddle tied at this stage of the game. Let 'er buck! I'll ride 'er!"

An overworked Manhattan tycoon figured that his vacation would begin the moment he boarded one of those non-stop super-de-luxe jets for Miami, but he hadn't figured on a couple of 7-year-old monsters in the seat behind him whose constant yammering and hopping about drove him to distraction.

He stood it until the plane, 21,000 feet aloft, was winging over the Carolinas. Then, confronting the mother of the two kids, he suggested jolly, "Why don't you persuade those children to play outside?"

In most states, using a chemical test for drunken drivers is voluntary.

In a single colony of termites, there may be more than three million of them.

Robert S. Allen Reports

Critical Report On Foreign Aid Stirs George Opposition

Leader Sets Up Egg Month

—by H. G. Heller

Washington, January 17: There is dynamite behind Senator Walter George's stern disapproval of the proposed big increase in the foreign aid budget.

Reason for this ominous opposition by the powerful Georgia Democrat, who is chairman of the Senate Foreign Relations Committee, has on occasion spearheaded key Administration foreign policies, is explosive documentary evidence from a high Administration appointee.

He is Comptroller General Joseph Campbell, whom President Eisenhower named to this 15-year position after first making the New Yorker a member of the Atomic Energy Commission.

Campbell has sent a voluminous report to Senator George severely criticizing the handling of the foreign aid program.

Numerous instances of waste, mismanagement and other charges are detailed.

The blistering report is one of a series of country-by-country audits of foreign aid spending being made by the General Accounting Office. The State Department protested these audits, but Campbell has proceeded with the full backing of Senator George and other foreign affairs leaders in Congress.

Foremost among them are Representatives James Richards (D., S. C.), chairman of the House Foreign Affairs Committee, and John McCormack, Mass., Democratic Floor Leader. George has made Campbell's report available to them.

It is evident these critical audits will play an important role in the forthcoming battling over the President's request for increased foreign aid funds. It is also apparent this growing backstage opposition is much more bi-partisan than previously, with a greater number of Democrats lining up that way.

These foes are certain to make the most of the ammunition coming from Campbell.

Note: This is the second time since the new Comptroller General has taken office that he has blasted the Administration. The first was his sensational charge that there was a secret "conflict-of-interests" in the negotiation of the Dixon-Yates power contract. It was this finding by Campbell which caused the President to order Atomic Chairman Strauss to cancel the controversial contract.

What He Says—The audit in Senator George's hands deals primarily with the foreign aid program in Pakistan, and numerous costly blunders there.

One example is the following: "The unavailability of technicians not only delayed planning, but also seriously interfered with the procurement of equipment."

The U. S. Mission had ordered large quantities of agricultural supplies and equipment for projects for village — agricultural industrial development. Portions of these procurement requests had to be subsequently cancelled because not enough technicians were available to instruct the villagers in the operation of the equipment.

"Despite the pressing need for technicians and instructors, this too has been botched, by which the U. S. committed the sum of \$700,000 for the training of Pakistani nationals in the U. S. or elsewhere, but without specifying the names of the eligible trainees, the field of training, or the cost of the training. As a result, more than two years after the execution of this training agreement, a large amount of the available money still had not been used."

Repeatedly the report denounces the chaos, confusion, mismanagement and bungling charges has characterized the foreign aid program in Pakistan, one of the principal U. S. allies in Asia.

Following are some of these caustic highlights:

"Because of lack of pre-planning, a number of operational agreements signed in 1953 show unsatisfactory implementation or none at all... The Agency by committing itself to a wide diversity of projects has so dispersed its efforts as to be unable to administer them effectively... The Mission did not prepare satisfactory specifications for supplies and equipment to be procured in the U. S. for various projects."

"For example: Purchase for technical research equipment to be used on project No. 3 in the amount of \$200,000 was urgently requested in January 1954. Almost six months went by before Washington contacted the U. S. Forestry Service to review and evaluate this request. The equipment was still not purchased in March 1955. We were informed that the government of Pakistan was deeply concerned by this failure because the building which had been erected for this project was standing idle awaiting the necessary equipment for it."

The impractical expansion of aid programs in countries unable to cope with them is a leading general finding of the Comptroller General's report. Regarding that he says:

"In a number of instances the level of aid established for individual countries has been beyond the financial and physical capacity of both the Agency and the foreign country to get underway in the year the funds are voted by Congress... The Agency states these factors are dictated in large measure by international political considerations, and that it has no alternative but to initiate projects to the level of aid established and to administer them as efficiently as its facilities and those of the foreign government will permit."

A MISSING door panel (left) tells the story of how thieves entered into the Bixler Hardware Co., at 633 Main St., Stroudsburg. After unlocking the door, the intruders looted the store of guns and ammunition valued at upwards to \$2,000. The top photo shows a bread knife and six lengths of rope which they left behind.

(Staff Photo By MacLeod)

Navy Reserve Signs Eight For New Unit

EIGHT NEW recruits have been signed by the Naval Reserve Electronics unit in Stroudsburg, according to Lt. Comdr. J. W. Regan, commanding officer.

This brings the total number of enlisted men up to 16 at present. The number of reserve EM members needed is "at least 25," Regan said.

Regan, other officers and reserve members are now trying to build the unit's strength so that it may become a "pay division." This would mean all those taking the training sessions would receive pay for them. They would also wear regulation Navy uniforms, furnished by the Navy.

In line with its current drive for new members, the unit is carrying out a planned public relations program with local high school students and former Naval Reservists.

Purpose Of Unit

The unit serves as a basic training organization for young men interested in the Navy or in becoming acquainted with Navy activity. Since it is an electronics unit the training is centered primarily on the use of radio equipment, radar, deciphering code, transmitting radio messages and equipment maintenance.

Other fundamental courses in seamanship and regular orientation are given. Training sessions are held each Monday night in the Reserve headquarters room on the second floor of the Stroudsburg Municipal Building.

Further information about the Reserve unit may be secured from Regan at his home phone, Stroudsburg 454-W or by attending a regular Monday night session between 7 and 9:30 p. m. at headquarters.

Another special organizational meeting—the second of a series—will be held on Thursday night, Jan. 26 at the Municipal Building. Prospective reservists are asked to attend that meeting.

Four Couples Apply To Wed

FOUR COUPLES have applied for marriage licenses in the office of Prothonotary N. Henry Fenner.

They are Forrest J. Mervine Jr., Stroudsburg, and Constance L. Kuchinski, East Orange, N. J.; James Schoch, Mount Pocono, and Joyce F. Metzgar, Cresco; Carl B. Weiss, and Mildred Mae Hamm, both of Brodheadsville, and Larry Stephen Rinehart and Ethel Marie Phillips, both of Stroudsburg.

Insects have no lungs. They breathe through tubes running all through their bodies.

School Boards Feel Pinch For Funds

UNLESS STATE education appropriations start trickling down to Monroe County school districts this month, the districts are in trouble.

This was the general reaction to a spot survey of school board officials. How deep the trouble will be and how easily solved depend a good deal on the size of the district and its normal expenditures. During recent years the district boards have come to depend upon regular appropriation and subsidy payments from the State. Systematic reports and subsequent payment of allotments based on teaching units, transportation costs, tuition rates and reimbursement for special services had become just as much a part of the school calendar as the major holidays.

This year the bottom fell out. With the tax hassle in Harrisburg no closer to solution than before, the situation seemed this week to be just as bad. It might be even worse than last month.

Pinch On Planning

None of Monroe County's districts has received appropriations for November—the first payment normally received. In some cases the pinch made itself felt immediately. In others the tightening vise of uneasy finances is now putting a damper on school board planning. Hardest hit of all county districts so far has been the Stroud Union District. Made up of Stroud, Stroudsburg and Delaware Water Gap, this is one of Monroe's new, centralized school district units.

As such it fits right in with the State-approved "county plan" for larger units and, eventually, larger and better schools. The trouble, at the moment, is that the State is not fitting into the Union's plan for financing the steps it should take if it is to live up to the State's requirements.

So—to keep its educational system running along at a reasonably smooth clip—the Union School Board has been forced to borrow nearly \$80,000 thus far. This amount takes it up to and including the Feb. 1 payroll—but no further.

When the Feb. 15 payroll rolls around, the board will be forced to repeat its past performances—two of them. It will have to borrow money.

Other Districts Need Funds

In preparation for the pinch it felt coming at the first of the school year, the Union Board authorized its officers to borrow "up to \$100,000" to meet current needs. The figure will be inadequate unless State appropriations start coming in.

Stroud Union is the "most notable financial trouble spot" in the education picture at present. But it is by no means the only one.

In East Stroudsburg the borough school board has borrowed \$5,000. It was not forced to do this, however, until its most recent board meeting—last week. All bills and payroll obligations had been met up to that time.

Unless State payments come in within the next two weeks, more borrowing will be necessary in East Stroudsburg.

Much of the same story is true for the outlying township boards. Here the problem is potentially even worse, for the township and

Driver Faces Hearing After Auto Accident

A 31-YEAR-OLD motorist was held on a drunken driving charge following a two-car collision at Eighth and Main Sts., in Stroudsburg early yesterday morning.

Richard Clugston, Stroudsburg RD 3, was held in \$500 bail following a hearing before Justice of the Peace Sam Lee on a charge of driving while under the influence of liquor.

Borough police said Clugston's 1953 sedan crashed into the rear of an auto, operated by Mary Lou Roberts, 22, of 101 Broad St., Stroudsburg, which had stopped on Main St. to make a left turn into S. Eighth St.

Damage to both vehicles amounted to an estimated \$123, police said. The case was investigated by Officer Jack D. Haas.

Train Wrecked Deliberately, Probers Find

WASHINGTON, N. J., Jan. 16 (AP)—FBI agents today joined local and railroad police in probing the derailment of a diesel locomotive and seven cars of a Lackawanna Railroad freight train.

The investigators said that a switch had been opened by non-railroad personnel, throwing the two-unit locomotive completely off the single track and causing derailment of seven cars when air brakes were automatically applied.

Pieces of hard wood which the railroad does not use also were strewn along the right of way.

Engineer Floyd Ace, 62, of Scranton, Pa., suffered knee injuries as the locomotive jumped the track last night and came to rest at a 45-degree angle in a soft dirt bank next to a 20-foot drop.

Small borough boards have less borrowing power based on their assessed valuation and ability to tax.

One major fly in the education ointment today is the payment of interest for borrowed funds. As one district official put it yesterday:

"The thing that gets us is that it's our own taxpayers who are going to have to plunk down the money for the interest on these funds we're forced to borrow. Somebody needs to tell both parties in Harrisburg they're not playing 'smart politics.' People are a whale of a lot smarter than the politicians give them credit for being. When somebody stalls and hems and haws purely for the sake of throwing up stumbling blocks, the people generally can read between the lines."

RUPTURE-EASER

Right or left Side \$3.95 Double...4.95 No Fitting Required

Also used as after operation support. For men, women and children. Mail orders give measure around the lowest part of the abdomen and state right or left side or double.

FLAGLER'S Drug Store

Portland Board Of Trade Protests Raise In Community Telephone Company Rates

PORTLAND — This borough's Community Board of Trade joined the parade of official and semi-official groups protesting against a rise in phone rates yesterday.

In a letter signed by its secretary, Lillian MacNamee, the Board of Trade said:

"The Community Board of Trade of Portland and vicinity wishes to protest the 40 percent rate increase proposed by the Pennsylvania Community Telephone Co."

"Individual members and their friends who have phones are sending letters to the Pennsylvania Public Utilities Commission to voice

their personal disapproval.

40 Percent Increase

"To some subscribers this will mean more than a 40 percent increase, which is entirely too much, especially with the services rendered at the present time."

Official action has already been taken by the Portland Borough Council expressing opposition to the proposed rate hike. One other organization—in Monroe County—has gone on record opposing it.

This is the Cherry Valley Grange. The Grange this week sent a letter to the PUC as a group action expressing concern and opposition to

the proposed increase in behalf of residents of the Saylorburg exchange area.

Liquor Board Suspends License

HARRISBURG, Jan. 16 (AP)—The Liquor Control Board today suspended the following license, effective February 6:

Adolph Caprioli Jr. and Eliza, both Caprioli, Belvidere Inn, Canadensis, Monroe County, 5 days; Sunday sales; permitted dancing on Sunday.

Methodist Missions Board Meets Today At Buck Hill

BUCK HILL FALLS—The annual meeting of the Methodist Board of Missions opens at The Inn here today.

The three-day conference will bring together some 300 board members and about 100 missionaries, who will hear reports on medical, educational and religious work being done by the denomination in all parts of the world.

On the eve of the annual parley, board members and missionaries were informed that 1,100 new Methodist congregations have been organized throughout the Nation since 1952.

Dr. Earl R. Brown, New York, general executive secretary of the board's Division of National Missions, noted, however, that the church still faces a huge task.

Millions in Trailers

He called attention to millions living in trailers, problems affecting migrant workers, and millions who jammed into close city life in slums and "semi-slums."

"We must recapture the missionary zeal and the pastoral still of our Methodist founders in working with and winning for Christ the 'least favored' of our urban dwellers," he said.

"The inter-denominational church has not achieved what many had expected," Dr. Brown continued. "Its lack of connectional cohesion and fellowship has made a wide and comprehensive program next to impossible."

While recognizing the values of the inter-denominational program, he contended that it is not equipped to deal at the local church level.

"We as Methodists must assume our full share of responsibility for the retreat and breakdown of the church in many large cities," he added. "As our people and their churches move to the suburbs we find great difficulty in maintaining successful church programs at the center of the city."

Lack of Program

Dr. Brown said surveys indicate that it is not for lack of people—but a program that grips them—that causes the problem.

"Without the church the individual becomes lost in mass hysteria, often promoted by self-seeking demagogues," he said. "Personal responsibility to God is lost in a maze of promises for the common good."

In conclusion, he said:

"The next 10 years present the greatest challenge ever faced by our church. The changing inner city, the bulging suburbs, the nearly abandoned rural sections, and the new rural industrial areas present a challenge unprecedented."

"In each instance groups of humanity are trying to find a better way of life with little experience to guide them. We are convinced that the church must be one of the dominant factors in shaping the new way of life in America."

FHA Okays Tract For Development

FEDERAL Housing Authority yesterday gave initial approval to a 46-acre tract off W. Main St. at the Stroudsburg borough line which has been proposed as the site for a private housing development.

Rev. Roger C. Stimson, president of the Monroe County Land and Building Co., has said the firm would like to acquire the land for families in the middle income bracket that would like to buy their own homes.

Mr. Stimson has also reported that two contractors have indicated an interest in building homes in the \$7,000 to \$10,000 range at the site. And three insurance firms have agreed to provide the mortgage money needed.

Mr. Stimson said the FHA will again have to give its approval after a plot plan has been made.

Chestnuthill Pupil Named To State Band

MICHAEL VIANELLO, a sophomore student at Chestnuthill High School in Broadheadsville, has been chosen to play with the All-State Band.

Vianello played fourth chair with the third clarinet section in the district band at Canton this past weekend. He was selected from a field of 26 third clarinetists to attend the State meeting.

The All-State Band will be held in Frackville on Feb. 2, 3 and 4. It is made up of the finest student musicians from all districts.

Vianello is a student of Fred Whitman at the Chestnuthill school. He is 15 years old and has been playing clarinet the past four years, according to Whitman.

Other local students attending the State meet will be Ernest Michelfelder Jr. and Barbara Fatzinger, from Stroudsburg and East Stroudsburg. John Pyle, Stroudsburg High School band instructor, was a member of the selection committee for All-State Band at the Canton meet.

Specs O'Keefe Pleads Guilty To Robbery

BOSTON Jan. 16 (AP)—Joseph J. (Specs) O'Keefe, 47-year-old convict who admitted participation in the six-year-old Brink's \$1,219,000 robbery and accused 10 others, pleaded guilty to armed robbery in Superior Court today but six of his alleged partners in the job refused to follow suit.

O'Keefe told his story to a grand jury on Friday. As a result more than 40 indictments were returned against him and the others.

His guilty plea this morning was quick. He was taken back to jail as sentence was deferred.

This afternoon six of his alleged colleagues were brought under extra heavy guard from Charles St. Jail to the same courtroom.

Six Others Mute

While the six stood "mute" before Judge Daniel D. O'Brien, squads of police—some of them armed with riot guns—swarmed over the big Pemberton Square Courthouse.

Judge O'Brien set bail of \$200,000 each for the six—Joseph F. McGinnis, 52; Anthony Pina, 48; Vincent J. Costa, 41; Adolph Maffie, 44; Henry Baker, 40; and Michael V. Gangan, 47.

The grand jury, which acted so speedily on Friday, went into another huddle and returned 43 more

FOR THE SECOND TIME in three weeks, sections of Yuba City, Calif., were evacuated as the Feather River continued to rise, fed by recent rains and a heavy snow runoff from the Sierras. Above, Sutter County levee director Robert Pailex checks a water gauge which stands at 54 1/2 feet. Later, the river rose to 60 feet.

indictments—similar to the earlier ones, but designed to clarify technicalities. They were called alternative indictments, written to conform to the language of the state law.

One of the new ones charged McGinnis with receiving stolen property in the amount of \$1,219,000. Later as clerk John Casey read

the indictments and called upon the six to plead, each of the defendants said "I stand mute" to each charge.

Waive Mental Test

Lawyers explained this was a technicality under which rights to file special pleadings would not be affected.

All six agreed to waive mental

examination as did O'Keefe.

Two others of the 11 indicted in the case—James I. Faherty, 44, and Thomas F. Richardson, 48—are still missing. Another, Stanley Gusciara, 36, is held in Western State Penitentiary in Pittsburgh, Pa., on other charges. The 11th man, Joseph S. Banfield, 45, died a year ago of natural causes.

Water Gap Tract Sold To Ronstroud

CHERRY CREEK, INC., Delaware Water Gap, has transferred a tract in that borough to Ronstroud, Inc., York, Pa., according to a deed filed yesterday in the office of Register and Recorder Floyd Butz.

Mr. and Mrs. William Hall Cameron, Jr., Effort, have transferred a tract in Chestnut Hill Township to Mr. and Mrs. Charles H. Fronheiser, Bally.

Mr. and Mrs. Arthur L. Yetter, Smithfield Township, have transferred a building and land in Middle Smithfield to Mr. and Mrs. Frank S. Albert, Bethlehem.

Building Sold

Charles Finnegan and Raymond Lafay, both of Jersey City, N. J., have transferred an interest in a building and tract in Middle Smithfield to Patrick Finnegan, Edwardsville.

Mr. and Mrs. Arthur A. Holbrook, East Stroudsburg, have transferred a tract in Saylorsburg to Mr. and Mrs. Robert Frazer, Saylorsburg.

Mr. and Mrs. Frank J. Young, Stroud Township, have transferred

Staiger To Be On Faculty At Temple U.

PORTLAND—Dr. Ralph C. Staiger, former principal of the old Portland High School, will be a faculty member at the five-day reading institute sponsored by Temple University in Philadelphia beginning Monday, Jan. 23.

Dr. Staiger and his wife, the former Marian Carpenter of Portland, are now living in Hattiesburg, Miss. Mrs. E. Randall Carpenter, Mrs. Staiger's mother, is now a guest at the Staigers' home.

Other featured speakers and teachers at the five-day institute will be Norman Cousins, editor of a tract there to Mr. and Mrs. Robert T. Owens, Moscow.

The Saturday Review; Dr. H. Gerton Morgan, University of Maryland and Dr. Roma Gans, educational professor at Columbia University in New York.

(Continued from page two)

cent people have been put to death. But in China, a Red officer recently told a departing missionary, they were not cruel enough. "We will be 100 times as cruel when we take over America."

Not only will this verdict of the experts not be generally accepted but it is virtually impossible today to convince people as a whole that America is even in danger.

So long we have been inoculated and anaesthetized with subtle, soporific party-line slogans about peace and security and "co-existence" that "the soul within us has died," the mere thought of resistance, even to the menace of Communist enslavement, has come to be regarded as a sort of treason to a "peace-loving Nation."

North America today comprises in its population a truly alarming number of naive detainees; of innocent lambs ready—"eager," one would be tempted at times to say—to be led to the Communist slaughterhouse.

Let anyone advocate a strong stand against Communist aggression and immediately there is a hue and cry of "war monger." We must be realistic about the present last stand of Freedom in Asia. Pay any price for another "cease fire" anywhere on earth, even the price of handing the whole of Asia over to Red control and domination.

See to it that there never will be any further attempt to liberate the Chinese mainland. Eliminate the troublesome Chiang Kai-shek. Bottle him up forever on Formosa or, for that matter, in exile and

are bound to crucify the followers of Christ. They are a bunch of sanctimonious holier-than-thou hypocrites. You saw them crucify McCarthy.

"Yes we do need many prayers." But let me ask you this. Do you think the general run of Christians have any inkling of the dangers all around them? Is it not a fact that people do not pray for help unless they believe they need it? Take the Catholics for instance, she says—"Despite all of Bishop Sheen's telecasts, the Fatima Crusade, the Rosary Crusade, etc., I do not find Catholics in general recognizing that there are serious dangers to their souls, their homes, their families, their way of life. When I try to draw their attention to what I know, they look at me with a blank, dubious stare. Human beings do not come to their senses until they suffer themselves. So I suppose we are going to have to suffer before there is an awakening."

If this general "I don't care" feeling exist among Catholics who are supposed to be in the fore-front in the fight against Communism, what must be the attitude of those millions of souls of other faiths who profess Christ and His Divine Son, surely they must be further withdrawn from the actual facts and are less prone to do some thing about it.

Recent remarks made by Bishop Cuthbert O'Gara when he was discussing the subject at length. He said: He is distressed and deeply disturbed over the failure of people in this country to recognize the dangers of the Communist threat. And Bishop O'Gara knows all about Communism from first-hand experience, for he spent 24 months in solitary confinement in China in an old hut located between a pigsty and a latrine.

At a recent interview he granted the press in Pittsburgh some of his

remarks should do much to awaken those who still favor appeasement of Red China.

"The people of the United States," he stated, "do not appreciate the magnitude of the defeat the West has suffered since 1945."

"It is incredible that such a small group of pro-Communists pseudo-intellectuals should have effected in so short a time one of the greatest turn-overs in the history of mankind."

Bishop O'Gara said that this defeat could not be blamed on stupidity, but had been deliberately and cold-bloodedly engineered.

"No group of Americans," he said, "could be that stupid. The deliberate throwing away of victory after World War II is confirmed by the whole list of 'stupidities' since V-J day, and these stupidities are still going on. Someone is still directing the selfout."

Appropos of what would happen in America should the Reds take over; I read a list of documents that affords fruit for meditation. It includes a list of priests, missionaries, nuns and many others prominent in the fight against communism in China who have

been murdered by various methods: buried alive; buried with some 30 other Christians; dragged to death, beaten and shot; died in jail, died after torture; heads crushed between stones.

And so the stories go on for all of those known and for the unknown not only in China, but in other countries behind the Iron and Bamboo curtains that tales of torture and death is undecipherable. Ask yourself "if our fight today is not against Principalities and the Powers of Darkness."

All of this at the hands of the Red Chinese who still hold some 900 Americans in their filthy dungeons and who, at our untwist so-called-liberals have the final say-so, will be permitted to shoot their bloody way into the United Nations.

Perhaps as part of the same plan and hidden technique lies the reason why our students only learn that communism exists—BUT DO NOT BE TAUGHT HOW TO RECOGNIZE COMMUNISM.

Truly—whom the gods wish to destroy they first make mad.

Respectfully,

James A. Murphy

News of the World in Pictures

WATCH THIS DATE—Pretty Marge Grady reminds us all to write the numerals "1956" for this year instead of "1955." She's writing it 100 times to get used to it while relaxing at new hotel in Miami Beach, Fla.

MODERN ART?—At first glance, it appears as if this is a modern sculpture in marble or it might even be some kind of strange animal. It's really an artistic creation of Old Man Winter in Helsinki, Finland. At that, it might have even won a sculpture prize.

MOBILE HOME BEAUTY—Mrs. Carol Schaff, already "Pittsburgh's Most Beautiful Bride" winner, will be the "Mrs." of the Mr. and Mrs. Mobile Homes combination at a national show in Cleveland. She and her husband, Bill, were chosen as representative of a large number of young marrieds who own mobile homes. Show draws thousands of trailer fans.

AMERICAN TRADITION IN SILVER

FROM OUT OF a building erected in 1866 as a gun factory in Newburyport, Mass., comes magnificent silverwork that combines the finest Colonial techniques dating from 1690 with the most modern methods of making sterling silver. In addition, the home of the Towle silversmiths has a museum that is a treasury of the story of silver going back five thousand years. Some of the

collections have been featured in some of the nation's outstanding museums. In the museum is work by six generations of Moulton silversmiths, the famous family who were Towle's predecessors. On display are the characteristics of sterling in various settings, including the mile of sterling wire drawn from an ounce of metal. Members of some families have worked for the Towles for generations.

This is a silver bowl presented to the Queen of England.

Towle craftsmen made this silver cigar box for Churchill.

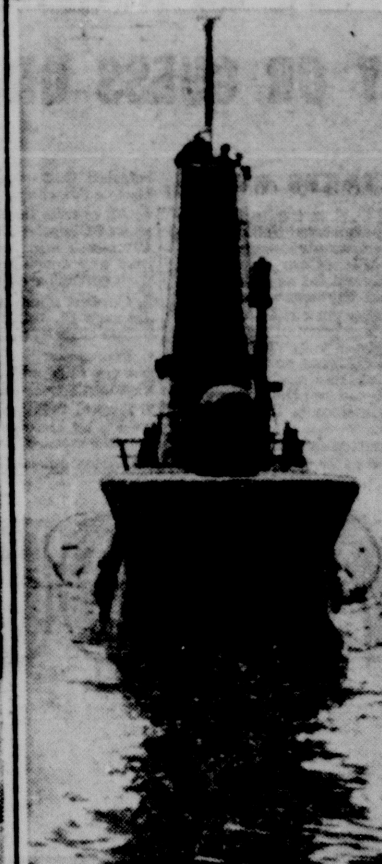

Mrs. John Stewart Curry (left), hostess in the gallery, shows design steps for fork.

She's inspecting hollowware.

SABRES OVER MT. FUJIYAMA—United States Sabres roar over Japan's sacred Mt. Fujiyama as they engage in a fast "bogie" chase. This is a test to determine how fast pilots can "scramble" to intercept an approaching enemy plane.

FACE IN THE FOG—The Artful, Britain's stream-lined, post-war sub, surfaces in foggy weather in the English channel. She carries a 60-man crew.

"HAPPY BIRTHDAY, SAM"—Speaker of the House Sam Rayburn blows out the candles on a surprise birthday cake presented to him by members of the Women's National Press club in Washington. Helen Miller, president (left, background), watches.

Mr. and Mrs. Charles William Goucher
(Photo By Florence Luckey)

Miss Garis Is Bride Of C. Goucher

Miss Barbara Louise Garis, daughter of Charles E. Garis and the late Freda C. Garis of 419 King Street, Stroudsburg, became the bride of Charles William Goucher, son of Mr. and Mrs. Edward Goucher of 162 Lenox Ave., East Stroudsburg, at seven o'clock on Friday evening before the miniature candle-lit altar of Grace Lutheran Parsonage, East Stroudsburg.

The bride was attired in a turquoise blue crepe street length dress with lace yoke and skirt. She wore black and white accessories and a white rose-bud corsage.

Miss Eunice Reaser was maid-of-honor. She wore a white fall street length dress with black and white accessories and a red rose-bud corsage.

Harrison E. Goucher, brother of the bridegroom was best man.

The bride was graduated from Stroudsburg High School with the class of 1950 and is employed by the Vassar Import Bag Company of Stroudsburg. The bridegroom attended the East Stroudsburg Schools and is also employed by the Vassar Company. Immediately after the ceremony an open house reception was held in the newly furnished bungalow of the bride couple at 42 West Broad Street, East Stroudsburg. Rev. William F. Wunder, Grace Church minister, officiated at the quiet double-ring nuptial rite.

Just Between Us

—By Bobby Westbrook

There's one comforting thing about living in the northern hemisphere. In the dead of winter when it seems as if fuel and electric bills, cold and threatening snow storms would go on forever, the light begins to come earlier.

You don't notice it the first few weeks after the winter solstice but right about now you begin to wake up before the alarm with the sun in your eyes and a feeling that you've overslept. I don't know why that should be such a comforting thing, but it is.

Seems like a definite promise that Spring is on the way. Which maybe is why all the fashion shows start showing us what we'll be wearing come summer time, and why the clubs suddenly think about May Day programs or annual banquets, and why the band boosters are getting even busier boosting tickets for the concerts.

Then, of course, every sunny day without ice on the roads seems sort of like a bonus. One of the bonuses at the DAR meeting yesterday afternoon were the first grade pictures Roger Dunning showed to illustrate a point. They were charming.

Bewildered, that's what the parents at Clearview were struggling to "read" symbols which had been substituted for the alphabet to illustrate what a strange world a child learning to read has to face.

Or, for that matter, what a strange world we all have to face when we're continually being brought up against a new set of symbols.

Mono lake, in California, is so densely alkaline that it contains no fish.

Bobby Westbrook, Social Editor—Phone 2160

Open House At School In Bushkill

Bushkill — There was a very good attendance of parents at the open house held on Thursday at the Bushkill School. The teachers had posted a display of work which the children have as a part of their regular school curriculum. An art display was arranged by each room. The primary room arranged a winter scene and the fourth, fifth and sixth grade children each displayed on their desks a crayoned self portrait. Samples of the children's scholastic work was evident in both rooms.

Following the teacher-parent conferences the group met in the assembly room to see a picture entitled "Johnny Keystone" which depicted school conditions in Pennsylvania and urged the citizens to become acquainted with school conditions.

A short business meeting was held with secretary, treasurer and committee reports. The association voted to hold a dance at the firehouse on February 11 with the proceeds to be given to the March of Dimes fund. This project will take the place of a house to house canvass in Lehman Township.

The white elephant gift presented by Frank Messerle was awarded to Mrs. Joe Schraeder. Following the meeting refreshments were served in the lunchroom with Mrs. B. H. Bensley, Mrs. Frank Bamrick, Mrs. Irving Courtwright and Mrs. Albert Derenzis as hostesses.

Mr. and Mrs. Arthur Ifft, co-chairmen of the Booster committee, are being assisted by Mrs. Francis Meredith who is serving as treasurer; Mrs. Edgar Powell, Mrs. Stanley Ace, Mrs. Edward Williams, Mrs. John Trethoway, Mrs. Wilmer Frisbie, Mrs. Hugh Altomese, Mrs. Harry LaBar, Mrs. A. M. Hickey, Mrs. J. Charles Smith, Mrs. C. W. Frankentfield and Mrs. Harry Bolich.

The booster memberships are sold on an individual basis of \$3 each or \$5 for a couple, and entitle the members to attend both the band and choral concerts and a third concert of the two groups combined given especially for booster members.

Music Booster Membership Team is Active

The Booster Membership campaign of the Stroudsburg Music Parents is going into high gear this week as the members of the committee seek to complete their sales before the meeting of the Music Parents next Monday night at 7:30 at the high school.

Mr. and Mrs. Arthur Ifft, co-chairmen of the Booster committee, are being assisted by Mrs. Francis Meredith who is serving as treasurer; Mrs. Edgar Powell, Mrs. Stanley Ace, Mrs. Edward Williams, Mrs. John Trethoway, Mrs. Wilmer Frisbie, Mrs. Hugh Altomese, Mrs. Harry LaBar, Mrs. A. M. Hickey, Mrs. J. Charles Smith, Mrs. C. W. Frankentfield and Mrs. Harry Bolich.

The booster memberships are sold on an individual basis of \$3 each or \$5 for a couple, and entitle the members to attend both the band and choral concerts and a third concert of the two groups combined given especially for booster members.

Card Party Planned By Fire Co. Aux.

Kunkletown — The monthly meeting of the Ladies Auxiliary of the Kunkletown Volunteer Fire Company was held in the lodge hall, Monday, January 9. At the meeting plans were made for a card party to be held Saturday evening, February 4 and committees were appointed to make the necessary arrangements.

The refreshment committee consists of Dorothy Ziegenfus, Carrie Smith, Minnie Christman, and Evelyn Haydt. The card tables will be in the care of Helen Smith and Mae Pearsol. Florence Dorsheimer, Mae Horgan and Leah Jane Smith are the game committee, and in charge of prizes are Miriam Borger, Sula Peters, Florence Smith, Lillie Borger and Bessie Heinley.

The ladies also planned a Valentine party to be held in conjunction with the next business meeting February 13. The committee on arrangements consists of Mrs. Adan A. Bohner, Mrs. Curtis Horton and Mrs. Guy Condel. One feature of the Valentine party will be an exchange of gifts of a value of 25 to 50 cents.

In a novel plan to raise additional money for the completion of the decorating of the new community hall the women are planning to make and send to each member of the auxiliary a tiny apron. The recipient will be asked to return the apron after inserting in the pocket thereof one penny for each inch of her waistline. These little aprons may make dishing popular in Kunkletown.

Class To Organize

Moody Bible Class will meet at the home of Rev. P. H. Loftus, 24 North Green St., East Stroudsburg, tonight at 7:30. The class is open to the public. Anyone interested is asked to be at the meeting tonight or to call 728-R.

Altar Guild Wed.

Altar Guild of St. John's Lutheran Church will meet on Wednesday, January 18, in the social rooms of the church at 8 p.m. A large attendance is expected.

Save the liquid from sweet pickles with which to make another relish. Drain a can of green beans and pour the pickle liquid over the drained beans. Add some thin onion rings and refrigerate over night. These pickled beans taste delicious with ham sandwiches.

PTA Executives Discuss Budget May Day Program

The executive committee of the Hamilton Township P. T. A. met at the school January 11, with several members in attendance. Mrs. Elmer Veety presented a schedule of the yearly expenses. The schedule will be presented at the next meeting of the P.T.A. Plans were discussed for the May Day Program.

The next monthly P. T. A. meeting will be held January 23, at 8 p.m. at the school. Following the business meeting the group will have a talk with pictures by Dr. John Martucci. Dr. Martucci's talk will be "Caribbean Tour."

Garden Club Installation On Thursday

The Monroe County Garden Club will hold its annual meeting on Thursday at 2:15 p.m. at the Presbyterian Church, Stroudsburg. The new officers will be installed and the reports of outgoing officers and committees will be given.

Arrangements chairman, Mrs. Paul Fetherman, asks that members bring fruits or vegetables, arranged in traditional or modern containers. Members are also asked to bring spring catalogues and clippings for the bulletin board.

Hostesses will be members of the 1955 executive board.

School Band To Play for Altar, Rosary Meeting

St. Matthew's Parochial School Band will be heard by the members of the Altar and Rosary Society of St. Matthew's-Roman Catholic Church at their meeting on Wednesday night, January 18th, which will start promptly at 8 o'clock. Mr. Walter Lane is the director of the band.

Mrs. Z. J. Viechnicki is chairman of the January program.

The hospitality chairman is Mrs. Albert Scavo. Mrs. Joseph Chobey is chairman of the ways and means program and requests members to bring a 25¢ wrapped package for the parcel post sale.

Legion Aux. Coupon Project Is Explained

Bushkill — The Newman Smith Post of the American Legion and its Auxiliary met at the home of Mr. and Mrs. Myron Press on Wednesday night.

Commander John Smith of East Stroudsburg conducted the Post meeting and the auxiliary members held an informal session.

Dues for both organizations were collected and members may also pay dues at the February meeting.

Mrs. Horton Stettler reported on the coupon collection campaign. This campaign is an annual project with all posts in the United States participating. The National President has designated the project for Pennsylvania as the building of a greenhouse at the Leech Farm Road Hospital in Pittsburgh. Mrs. Stettler has a list of acceptable coupons, labels, etc. and anyone wishing to help with this project may contact her.

The next meeting will be at the home of Mr. and Mrs. Chester Strunk, East Stroudsburg, R. D. 1.

The next meeting will be at the home of Mr. and Mrs. Chester Strunk, East Stroudsburg, R. D. 1.

Bible Class Meets Tonight

The Young People's Bible Class of Grace Lutheran Church will meet tonight in the social rooms at 8 p.m. There will be election of officers.

Hostesses at the social hour will be Mrs. William Wunder and Mrs. Howard Smith.

Noble Grands Thursday

Past Noble Grands Club of Rachel Brodhead Rebekah Lodge will meet at the home of Mrs. Bertha Laise, Analomink St., East Stroudsburg, on Thursday night at 8.

Local DAR Commended For Reports

Following the reports of the various committees of the Jacob Stroud Chapter, Daughters of the American Revolution, at their workshop yesterday afternoon, the chapter and its regent, Mrs. T. Manning Curtis, received the commendations of Mrs. Willard Rice, Eastern Director of the Pennsylvania DAR.

Major projects of the local chapter include good citizenship and history medals in the high schools, and citizenship awards in the Junior high schools of the county; aid to DAR Approved Schools; Americanism meeting for new citizens; individual participation in volunteer activities of the American Red Cross; action on national and civil defense; aid to American Indians; the planting of shrubbery around the Doughboy Monument.

In her talk, Mrs. Rice urged the members to write regarding two bills, one of which the DAR favors and the other which it opposes which are both in committee. She urged support of the Bricker Bill and opposition to Bill S519 which would repeal the McCarran - Walter Immigration Act.

Chief speaker of the afternoon was Roger Dunning, supervisor of elementary education in the Stroud Union School, who had been asked to speak on American History courses in the elementary schools.

First outlining the state recommendations for interrelation of geography, civics, history and science in a social living area, he listed the general guides issued to elementary teachers. Chronology, the state advises, should be reserved until Junior High school level when the time sense is more developed. Emphasis should be on ways of living in the various periods with a minimum of political or military content. While an understanding of the broad movements of history is desirable, a child should not be expected to understand fully. In general, the state recommends that in the area of social living the emphasis be on the present and the past related to present solving of problems.

How these suggestions are carried out on the local level varies, Dunning reported. Within the union district, to date, there has been less correlation of social studies than of other departments. A committee on curriculum is studying the matter to make recommendations.

At the present, Delaware Water Gap is using the social studies approach; Analomink and Clearview have a mixed approach, and Morey and Ramsey in the upper grades are more conservative and teach history and geography as separate subjects.

He compared the present textbooks with new ones being studied with regard to content and use of pictures and read from the Weekly Reader for different age levels.

Following the program tea was served with Mrs. Milo Rasely and Miss Lulu Shaffer presiding at the tea table. Mrs. J. Nelson Westbrook and Mrs. Mary DePuy were co-chairmen of the tea committee which included Mrs. William M. Heitler Jr., Mrs. Randall H. Roberts and Mrs. Rasely and Miss Shafer.

Attendance Awards Are Presented

Bushkill — Superintendent Ralph G. Turn, Jr. of the Dutch Reformed Sunday School presented attendance awards to the following, Alberta Howey, tenth year perfect attendance, Mathilda Dickison, 2nd year perfect attendance.

A silver award for 50 or more Sundays attendance to Brian Butz, David Luttrell, Douglas Butz, Joyce Butz, Melva Keiper and Bruce Butz.

Guests coming for lunch? Pack hot cooked rice into individual ring molds—the aluminum ones for gelatin salads. Turn the rice rings out, fill with creamed sausage and garnish with parsley and pimiento.

The Boy Scout organization originated in England.

A SPOT O' TEA topped off the afternoon at Delta Kappa Gamma Society meeting in Shawnee Hall social lounge at Teachers College at which county high school seniors were guests. Miss Katherine MacFarland, president of the professional women's group, is shown here pouring a cup of tea for Shirley Adams, Chestnut Hill High School senior. Others looking on are Miss Evelyn Naylor, Slatington High School, main speaker and Miss Cora Lange, Lake Ariel, meeting chairman.

(Staff Photo By Randolph)

PTA Parents Learn To Read Through Symbols

The parents of the Clearview Parent-Teachers Association had a better understanding of the problems of a child learning to read after their January meeting.

Using arbitrary symbols to replace the familiar alphabet, the parents faced the problem the young child faces in trying to relate the still-unfamiliar letters to the words. The parents discovered that all individuals did not learn to read at the same pace; that it was possible to forget a word they had "learned" five minutes before; and that reading in halting phrases while learning was usual; but they also learned that they got better with practice.

The demonstration was part of a program on "Modern Methods of Teaching Reading in our School today," presented at the PTA meeting by Mrs. Bennett Strait, remedial reading teacher, and Roger Dunning, supervisor of elementary education in the Stroudsburg Schools.

During the business session, Lester Katz, vice president, read a letter from State Senator William Scott assuring the PTA that the legislature was working on a law to make cars stop for a parked school bus on any road. The Stroud Union School board has passed a resolution to paint signs on the school buses reminding drivers of the law, it was announced.

Awards for 10 per cent PTA membership were presented to the classes of Mrs. Evelyn Clugston, and Miss Althe Keller. Mrs. Alma Sutton's first and second grade had the best attendance percentage at the meeting.

Mrs. E. B. Bartram President Of Church Society

Bushkill — The Ladies Aid Society of the Dutch Reformed Church held their election meeting on Wednesday at the church.

Mrs. E. B. Bartram was elected president with Mrs. Walter Brandt, vice-president; Mrs. Louis Hofferker re-elected secretary and Mrs. C. N. Guillot, re-elected treasurer. Mrs. B. H. Bensley will serve as assistant secretary.

Mrs. Robert Gierend was appointed as flower chairman and Mrs. E. H. Kerr as hostess chairman.

The aid completed a quilt and will start another at their next session on Wednesday.

Mrs. Walter Brandt, retiring president, expressed her thanks to the ladies for their cooperation during 1955.

Mrs. Horton Stettler was hostess to the group.

The Boy Scout organization originated in England.

Pocono Lake Legion Aux. Hears Reports

Pocono Lake — The American Legion Auxiliary Unit 413 met last Wednesday with 17 members and one Junior present. A new member, Mrs. Harold Mayberry, was accepted.

Donations were made to the March of Dimes Campaign and a set of flag stands were donated to the local Girl Scout Troop.

Letters of appreciation were received by a local clergyman, Rev. Gangaware of Pocono, for packages of clothing received recently. The clothes were donated by members and friends after a recent rummage sale and were sent through Mr. Gangaware to South America, Loredo, Texas, Mexico and British West Indies.

A report was given on civil defense work by Albert Hayes, who stressed the importance of the work done by the workers during the recent flood and which would apply as well to a war or bombing if an attack should come.

After the business meeting, refreshments were served by Mrs. Dora Fields, unit president.

THE Wyckoff SHOPPER

Might have thought we were prospecting and had found uranium in our store the other day, the way Carl Rohrbach's geiger counter was clicking away. But there wasn't any of the precious mineral — the sensitive instrument just picked up the x-ray machine in our shoe department when it was turned on for a quick peek. . . . Latest fad at our house is the jigsaw puzzle, and the children are determined that before they forsake it we'll have worked EVERY ONE available in our Wyckoff stationery department. First one took us five evenings, but the second took only one day, thanks to some keen-sighted friends who dropped by. I'm not sure I'll appreciate puzzles as a nightly diet—but for 29¢ they are an inexpensive way to keep the family together, and pleasantly occupied, for several hours at a stretch. . . . You can always tell the romantic temperature of this area by keeping an eye on our gift wrap center. When the girls there are hopping around like mad, finding boxes for blankets, electric griddles, silver serving dishes and such, you know perfectly well that Cupid's been on the bow. Right now marital mercury is running high, and gifts are going out at a great rate. Which reminds me that if you've a wedding gift to purchase, our domestics department probably has your solution. You needn't know the bride or anything about her personal tastes to select linens that will please her. And they are so easy to mail too—no danger of breakage. . . . The Pocono Camera Club show is now in full swing on the second floor of our store, so do come in and marvel at the artistry of our local lensmen. I myself haven't had a chance to study it as yet, but walking past I saw a beautiful picture of Ann Nitrawer who graced our gift department just a few summers ago. . . . Funny thing, but even the women who seldom wear jewelry stop to admire the selections on our display cases, by notice. And the minute a good buy is put out, it's snatched up by some observant shopper. The half-price earrings were picked over very neatly in a twinkling—but there are still some excellent values. So come see—come save! . . . If you were one of the passersby who wondered about the number of Wyckoff employees dining last evening at the Penn-Stroud, we might mention that it was "Papa" Wyckoff's way of introducing thirty or more department heads and executives to upcoming events that will spell BIG news—for us and for YOU. . . . Tickets are going fast for our Ice Revue excursion to Madison Square Garden next Monday night, Edna Brockman tells me. The trip is being made this particular night because it presented the best opportunity for really good reservations. If you can possibly arrange to do so, why not join the party? . . . Valentine's Day is not too far away, that's why we have our card racks fairly drooping over with love and affection. There are Valentines for the sure-of-themselves sweethearts; for the hope-to-be sweethearts; and for the dubious. There are Valentines for those who are wed and those who plan to be. And there are Valentines for just friends, who maybe wish they were something more. I'm not sure whether or not there's a Valentine for the gal who plans to take advantage of Leap Year, but whadda bet there is? Hallmark would never have missed such a sugar-laden opportunity! . . . I'm going to submit my own gem of sparkling Valentine verse to some greeting card company. It should be illustrated with the picture of an aproned housewife greeting her husband at the door with hand outstretched. "I love you heaps and need you, honey—but this is pay day. WHERE'S the money?"

RILEY

By JIM RILEY
Sports Editor

A SPECIAL meeting will probably be required by the Monroe County League to get all its postponed games into the schedule before time runs out on the current basketball campaign. The league has postponed seven contests for one reason or another thus far this season and six still remain to be made up in the pennant dash. It will undoubtedly take a gathering of coaches and principals to work the games into the slate and to retain fan interest.

The league undoubtedly sets a record each time it postpones a game. Chestnuthill has three games to make up; Pocono two; Coolbaugh and TTHS one each. This circuit appears headed toward a terrific battle for the championship, whenever it is able to work its way free from bad weather and conflicting occurrences. Bad driving conditions has been the number one cause for postponement to date.

Vincent Pagano, Port Jervis High fullback, received honorable mention on the ninth annual National High School All-America Football Team as selected by the Wigwam Wisemen of America, in Oklahoma City, Okla. Pagano scored his team's lone touchdown in a 7-6 loss to East Stroudsburg High last November. Pagano reeled on a 12-yard run in the third quarter for the score, but his extra point placement went wide of its mark and enabled Eastburg to win.

Collingdale High, a grid machine which ran over East Stroudsburg in 1954, placed Jim Cox on the First National High School All-American Football Team this year. The announcements were made last weekend. John Sabo, Kinsey Co. kegler, rolled a 686 match on Saturday to set an individual high for the Delaware Valley Bowling League this season. Kinsey is the number two squad in the current standings.

Ed Champney, an East Stroudsburg State Teachers College student and former basketball and baseball star at Coolbaugh High, suffered only minor injuries in an auto accident last week, even though he was thrown to the highway during the crash. Ed's car was reportedly demolished. Although found unconscious, Champney had nothing worse than scratches and a good bump on the head. Leroy Bolmer, ESSTC's 130-pound wrestler, wasn't seriously injured in Saturday's match with Wilkes, during which the latter ran up a 2-5 victory. The damage was reportedly only a sprained ankle and Bolmer will probably be ready to face Bloomsburg on Saturday.

Dick Campeotto, a former Stroudsburg High lineman, has worked hard at football all through high school and for two years as the regular center at Kutztown State Teachers College. The big Stroudsburg resident received a reward recently when he was nominated to an honorable mention spot on the Williamson Little All-America squad, as selected in South Carolina. Dick has also received honorable mention on the All-Pennsylvania State Teachers College Conference grid machine for the past two seasons.

Campeotto is to be congratulated and he receives this column's best wishes for his remaining two seasons in the collegiate ranks. Dick was a guard in high school. Campeotto also played baseball in high school and has continued the spring sport in college. Kelly McLaughlin, ESSTC's high scoring center, is reportedly being bothered once again with blisters on his feet.

Emmaus High School has formed a Sports Officiating Club for its students and the organization meets twice each month. The aim of the club is to inform all members of the rules of sports, to discuss controversial issues, to clear up problems viewed in games, to train those who wish to become officials and to promote a better understanding of officiating and playing. Ken Moyer, an ESSTC graduate and head basketball coach at Emmaus, is the club adviser.

Coach Ray Welsh and his Scranton cagers sat quietly on the bench Sunday afternoon when the St. Peter's coach, players and fans kicked up the big fuss at Scranton's Catholic Youth Center. While officials were giving the St. Peter squad five minutes to return to the court, Welsh was carefully laying the groundwork for a play which would follow two technical foul shots.

Stroudsburg Invades Emmaus Tonight

STROUDSBURG High will attempt to at least earn the right to share the cellar position in the Lehigh Valley Basketball League tonight when the Mountaineers tangle with Emmaus, on the latter's home court. The Mountaineers are currently winless in four league games.

The two junior varsity squads will lock horns at 6:45 p. m. and the varsities will enter battle at approximately 8:15 p. m.

Stroudsburg is the only club in the standings without a victory

to its credit, but the Mountaineers could move into a tie for a higher spot in the standings if Lehigh, Emmaus or Catasauqua should suffer defeat in a circuit outing tonight. Stroudsburg has won two games against nine foes this season. This list includes all games played.

The Mountaineers have just finished a run against the top four clubs in the circuit, bowing to Whitehall, Slatington, Northampton and Palmerton in that order. Northampton and Palmerton are currently tied for first place.

Stroudsburg now opens a stand against other second division foes, with Lehigh scheduled to invade Stroudsburg on Friday and Catasauqua listed to appear on the W. Main St. court next Tuesday.

Lehigh, Catasauqua and Emmaus have identical records of one victory and three defeats. Coach John Kupice is expected to continue the practice of using a total of nine players from time to time during the contest tonight.

Kupice began this practice last Friday while dropping a 74-18 decision to Palmerton, the defending title holder in the circuit.

Doug Shook is certain to open at center, while the other four starting berths will fall among Don "Uckie" Setzer, Doug Nichols, Francis "Sonny" Dieber, Tom Savidge, Jim Welsh, Al Driebe, Ted Williams and Don Hickey. Emmaus is coached by Ken Moyer, a graduate of East Stroudsburg State Teachers College.

Eastburg Junior High In Action

EAST STROUDSBURG Junior High School will attempt to land its third straight favorable basketball decision of the current campaign today when the Cavaliers entertain Lehigh.

The game, slated for 3:15 p. m., will be played on the East Stroudsburg Junior High court.

East Stroudsburg defeated Lehigh, at Lehigh, in the opening game of the current season. The Cavaliers also own a decision over Pocono Junior High.

Mike Evans is the East Stroudsburg Junior High coach. The Cavaliers have eight more games remaining after today.

American Legion Keglers To Clash

AMERICAN Legion League kegglers will clash at the Pocono Bowling Center today at 9 p. m. Schedule follows:

Alleys one and two—Commandos vs. KPs.
Alleys three and four—Gold Bricks vs. Prudential.
Alleys five and six—Air Corps vs. Ray's Service.
Alleys seven and eight—Jokers vs. Sad Sacks.

Bangor Quintet To Invade Coplay In Circuit Struggle

BANGOR—Bangor High School will attempt to halt a two-game losing streak against Lehigh-Northampton League basketball opposition today when the Slaters do battle with cellar dwelling Coplay, at Coplay.

Junior varsity activity is on the agenda for 6:30 p. m. and the varsity contest for approximately 8 p. m.

Bangor owns one circuit decision over Pen Argyl, but the Slaters have suffered league reversals at the hands of Parkland, Wilson Borough, Fountain Hill and Hellertown, the last two in order.

Coach John Heard announced last night that Don Keat, the circuit's high scorer, will be back in the Bangor lineup tonight. Keat missed last Friday's encounter with Hellertown because of District Band competition. Keat is also an excellent saxophonist.

Flanking Keat at forward will be Jim Freeman, while Ed Traves and Jim Warrick divide the center chores and "Jabby" Williams and Gary Strauss man the guard posts.

Coplay is currently holding down last place in the nine-team circuit with a mark of five defeats and no victories.

Bangor plays at East Stroudsburg on Friday night.

Varsity 'E' Meeting
ANALOMINK—Regular January meeting of the Varsity "E" Club will take place here at Stroud Manor tomorrow at 7:30 p. m. Refreshments will be served following the business discussion.

A's Ink Two Players

KANSAS CITY, Jan. 16 (AP)—The Kansas City Athletics announced today signed contracts had been received from shortstop Joe DeMaestri, and Bill Herriage, a right-handed pitcher drafted from Montgomery, Ala., last fall.

East Stroudsburg To Battle Hellertown For Fourth Place In Lehigh-Northampton League

EAST STROUDSBURG High, a basketball squad that dropped from third to fourth place in the Lehigh-Northampton League standings last Friday, will be battling to hold that spot tonight against a greatly improved Hellertown foe. The game will be played at Hellertown.

Junior varsity play is on the agenda for 6:20 p. m., while the varsity foes go at it at approximately 8 p. m.

Nazareth knocked the Cavaliers into fourth place last Friday with a 45-33 win on the N. Courtland St. hardwood. The loss was the second in five circuit outings for Coach Dick Forster and company.

Hellertown, fresh from a win over Bangor, is currently the number five squad in the standings with a mark of three wins and the same number of setbacks.

East Stroudsburg has won six and lost a trio of contests against all opposition this season.

Forster is expected to stick with the same lineup that fell before Nazareth in last Friday's important tussle.

The starting array will have King Beers and Co-Captain Dan Marvin at the forward posts and Jim Kimler at center. Captain Dick Gray and Dale Metzgar will handle the guard assignments.

Other Cavaliers expected to see service are Bob Notz, Les

Bernbaum, Harry Miller, Elwood "Woody" Mosteller and Tony Harlachner.

The Cavaliers will return home for their next circuit outing on Friday, with Bangor providing the opposition. East Stroudsburg will close the first half race next Tuesday against Parkland, at Parkland.

The Cavaliers are booked for an open date next Friday, but open second half play the following Tuesday with Coach Sam Russell's Wilson Borough High club.

Other contests tonight will send Wilson Borough against Parkland. Pen Argyl against Nazareth and Bangor will face Coplay.

County Cage Loop Lists Full Slate

MONROE COUNTY League fans will be treated to a full schedule of three basketball games, on as many different fronts, after a week of inactivity today.

Coolbaugh, currently setting pace with five victories in six trips to the hardwood, will try to make it six wins tonight when the charges of Coach Don Wismer tangle with Chestnuthill, the defending champion, in Tobyhanna.

Chestnuthill is currently deadlocked for second place in the standings with Barrett and Pocono. Each of the three quintets is sporting a record of three victories and two setbacks.

Second Place
Barrett and Pocono will settle a portion of the second place spot tonight when they collide on the latter's home court in Tannersville.

Pocono owns one verdict over Barrett this season and Coolbaugh defeated Chestnuthill in their only outing to date.

Polk will be out to even its mark at three victories and a trio of defeats, while Tobyhanna Township will be searching for its initial win of the campaign when they clash at Kresgeville. TTHS has lost all six of its circuit outings. One of the setbacks was inflicted by Polk.

In each case junior varsity action is set for 7:15 p. m., while the main events go on at approximately 8:30 p. m.

Friday's schedule will send Pocono against Polk, at Kresgeville, while Chestnuthill and Barrett battle in Canadensis and TTHS and Coolbaugh match ability on the latter's home court.

Bushkill Loop To Roll
MEMBERS of the Bushkill League will clash at Harmon's Recreation today at 9 p. m. Schedule follows:

Alleys one and two—Up Valley Boys vs. Fox Hunters.
Alleys three and four—Stump Jumpers vs. Little Abners.
Alleys five and six—Coon Hunters vs. Busters.

Two-million dollar giant telescope at Lick Observatory, atop Mt. Hamilton, Calif., will open up new vistas to stargazing astronomers.

Published in the interest of more effective advertising by

The Daily Record

It takes
a GIANT
to open up
new worlds

New markets can be new worlds to advertisers. But advertisers need the powerful services of a giant to open up their new worlds. This giant is the newspaper—a giant who lives in every town.

When sales-wise advertisers set their sights on a market, they use the newspaper to pin-point that market for them much the same way a telescope pin-points stars in the heavens.

Over 55,000,000 newspapers are bought daily by people in all walks of life who yearn to know everything that goes on—around the world and particularly around the corner.

Newspaper advertising is a straight line to sales for retailers, wholesalers and distributors. It moves the merchandise they sell—fast.

In today's competitive market every selling job is a giant selling job. Use a giant to do that job. Use the newspaper.

All business is local...
and so are all newspapers.

New Members Being Sought By Jaycees

POCONO MOUNTAINS Junior Chamber of Commerce will meet tonight at 8 in Wyckoff's recreation hall on Sixth St., Stroudsburg.

Young men between the ages of 21 and 35 who are interested in joining "an organization which is constantly active in community affairs" are urged to attend tonight's meeting. S. Jerome Rubin, Jaycees president announced.

Irving Karpe, membership chairman for the local group, is in charge of information concerning the Jaycees. Karpe will accept new memberships at tonight's meeting.

Items for discussion tonight will include plans for the annual Easter Egg Hunt sponsored by Jaycees locally and the "Teen Age Rodeo," which promotes safe driving for young people.

Reservations for the "Ten Outstanding Young Men" State banquet should be made at tonight's meeting, according to Rubin. The meeting is to be held Feb. 4 and 5 in Allentown.

The annual affair is a testimonial honoring the ten outstanding young men in the State who have contributed most to their communities in the past year.

Sciota

Mrs. Richard Rinker
Phone WY 2-4272

Kenneth Kistler

Airman Kistler Now Stationed At Dover, Del.

AIRMAN Third Class Kenneth R. Kistler, son of Mr. and Mrs. Roy H. Kistler, Greentown RD 1, has graduated from the Engineer School, Fort Belvoir, Va.

Now stationed at Dover, Del., Kistler has been assigned to the field of engineering on heavy equipment which he requested.

Before entering service, Kistler worked with his father in the building business.

He graduated from Greene-Dreher-Sterling High School in Newfoundland in 1953. Proximity of his base to his home permits him week-end trips home.

Snydersville

Mrs. Richard Rinker
Phone WY 2-4272

State Grants Extension For Paying Tax

A 15-DAY extension for the filing and payment of the 1955 gross receipts tax originally due Feb. 1 has been authorized by the Pennsylvania Department of Revenue.

State Secretary of Revenue Gerald A. Gleason said the blanket extension was granted under Sections 704 and 805 of the Fiscal Code and the due date is now Feb. 16. Penalties and interest will be imposed after the new due date.

The extension was granted firms filing gross receipts tax reports only, because of the late receipt of the 1955 forms by taxpayers.

Charles S. Seligman, director of corporation taxes, said the blanket extension affects transportation and trucking firms, railroads, telephone and telegraph companies and all other utilities liable for the gross receipts tax.

Montour County Farmer Named To Fish Commission

HARRISBURG, Jan. 16 (AP)—Maynard Bogart, Danville RD2, today was named a member of the Pennsylvania Fish Commission pending Senate confirmation. The post is non-salaried.

Gov. Leader, in naming the Montour County farmer, said Bogart "will be able to present the farmer's viewpoint on the business before the commission."

Bogart's appointment, which would run until January, 1964, completes the personnel of the Fish Commission as reorganized under the present Democratic administration.

Local Woman's Mother Dies

FUNERAL services for the mother of George Van Louverder, East Stroudsburg, will be held at 2 p.m. today at 409 N. Main St., Old Forge. The woman, Mrs. Gaylord, died Saturday in Taylor Hospital, Old Forge.
